

PRELIMINARY ANNOUNCEMENT

The Third International Symposium on the Technology and Science of Low-Speed and Motorless Flight will be held during November 1977 at the NASA Langley Research Center, Hampton, Virginia, under the sponsorship of NASA, and with the active co-operation of the Soaring Society of America. The subject matter will be generally similar to that of the first two symposia held at M.I.T. in 1972 and 1974.

The actual dates and organization of the meeting will be set out in a formal announcement to be published in *Technical Soaring*, *Soaring*, and several other journals in the near future. This announcement will also cover the arrangements, if any, for assisting overseas participants with travel costs. In the meanwhile, interested persons may contact the Technical Program Chairman: Perry W. Hanson, Mail Stop 340, NASA Langley Research Center, Hampton VA 23665, U.S.A. Telephone Area Code 804, 827-2265.
