

## **From the Editor**

### **Publication Date**

This issue is the first of Volume 44 of *TS*, corresponding to January-March 2020. For the record, the issue was published in October, 2020.

### **Acknowledgements**

We gratefully acknowledge Associate Editor Kurt Sermeus, who oversaw the review of the Patek et al. paper in this issue.

Very Respectfully,

Arne Seitz

Editor-in-Chief, *Technical Soaring*
