

## CALL FOR PAPERS

XVII OSTIV CONGRESS  
PADERBORN, FEDERAL REPUBLIC OF GERMANY  
MAY 24 TO JUNE 6, 1981

The XVIIth Congress of the International Scientific and Technical Organization for Soaring Flight (OSTIV) will be held at the site of the World Gliding Championships in Paderborn-Haxterberg (FRG). The tentative schedule reads:

May 28	Official Opening of XVIIth OSTIV Congress
May 29 - June 5	Technical and Scientific Sessions
June 6	GENERAL CONFERENCE

The program of the TECHNICAL SESSIONS will cover sailplane design, construction, material, instruments and operations.

The program of the SCIENTIFIC SESSIONS is concerned primarily with aspects of soaring meteorology and the near field of atmospheric physics.

In addition to the main Technical and Scientific Sessions, JOINT SESSIONS may be held on special subjects covering both fields, technical and scientific, or being of wide interest for technicians and scientists, as well as for soaring pilots.

This includes especially the medical aspects in combination with soaring.

Authors, affiliations, titles of papers and comprehensive summaries should be received as soon as possible but not later than January 31, 1981.

- Send Technical Papers to:  
Floyd J. Sweet, Chairman OSTIV Technical  
Section, 1910 Massachusetts Ave., McLean,  
Virginia 22101, USA
